

To avoid webgl -index errors

not the right file type

```
script>  
var buildUrl = "Build";  
var loaderUrl = buildUrl + "/webgl.loader.js";  
var config = {  
  dataUrl: buildUrl + "/webgl.data.unityweb",  
  frameworkUrl: buildUrl + "/webgl.framework.js.unityweb",  
  codeUrl: buildUrl + "/webgl.wasm.unityweb",  
  streamingAssetsUrl: "StreamingAssets"
```
